RE: Credit for Not By Chance: Child Care the Supports School Readiness

This is to inform you that you can receive one college credit for your Not By Chance: Child Care the Supports School Readiness training. You will be able to use your course assignment plus one additional assignment for the assessment of your learning. After you complete your training, please complete the attached Individual Experiential Learning Assessment Proposal Form (FORM A) and send it with your $25.00.

After we receive all your documents, your learning evaluation will be submitted to the Metropolitan State University registration and grades office. Please note that Metropolitan State University does not mail grades to students. If you need a copy of your grades or transcript, you may print it from the Web (if you are an admitted student) or call the Grades Coordinator's Office at 651-793-1223, or email laurie.salin@metrostate.edu.

You do not need to be a Metropolitan University student to receive the credits. This program is supported by a grant from the Minnesota Department of Human Services in partnership with Metropolitan State University to promote professional development, career pathways and higher education access among the Minnesota early childhood professionals. Due to the fact that college credits need to be relevant to an academic program and goals, students not admitted in an associate or baccalaureate degree program are eligible for up to 4 credits.

I look forward to working with you. For more information on our programs or other early childhood community trainings that you can take for credit, please visit our website at www.metrostate.edu/ecap.
