Metropolitan State University will host the Charting the Future (CTF) Gallery Walk

Metropolitan State University will host the Charting the Future (CTF) Gallery Walk on Tuesday, March 24 from 3 to 6 p.m. in New Main, Great Hall, Saint Paul Campus. A Gallery Walk is an open house-style event—engaging students, faculty, staff and community members in the discussion of ideas presented by Charting the Future implementation teams. Refreshments will be provided.

Charting the Future is a Minnesota State Colleges and Universities system initiative to promote collaboration and discussion about the system’s future.

This is the second in a series of two Gallery Walks that Metropolitan State University has hosted. Last fall, our campus reviewed work from the Student Success, Diversity, Comprehensive Workplace Solutions and System Incentives & Rewards Charting the Future implementation teams. The feedback from that Gallery Walk can be found here.

On March 24, we will have the opportunity to provide feedback on the initial ideas and concepts from the following teams:

- Academic Planning & Collaboration
- Competency Certification & Credit for Prior Learning
- Education Technology
- Information Technology Systems Design

Members of the implementation teams will be on hand to share their work, listen to your feedback and answer your questions. Thirteen Metropolitan State colleagues and two students have been serving on Charting the Future implementation teams since spring 2014. Full rosters of individuals participating on Charting the Future Teams are available on the team pages found here (http://www.chartingthefuturemnsedu.com/implementation-teams/).

If you can't attend this session, you are welcome and encouraged to attend one of the other Gallery Walks that are scheduled at 39 campuses across the state.
