You can view the articulation agreement at www.mntransfer.org.

- To receive the most benefit from this agreement, notify your Metropolitan State academic advisor that you are transferring to the university under this agreement.

Notes

1. This guide is NOT a contract unless it is based on an articulation agreement. Program requirements are subject to change without notice. Requirements for the degree are “locked in” at the time the program declaration is approved by the college.
2. This guide is for planning purposes only. It shows one way to complete your baccalaureate degree in 120 credits. Students should develop an educational plan in consultation with an academic advisor prior to, and during, enrollment at Normandale Community College to assure that degree requirements (general education, prerequisites, and major requirements) are fulfilled and to get assistance and information about transfer credit evaluation.
3. You are strongly encouraged to meet with an academic advisor to discuss the following:
 - Prerequisites
 - MnTC completion
 - Liberal Studies and Racial Issues Graduation Requirements
 - Major declaration process
 - Residence requirements
 - Graduation requirements
 - 40 upper-division credits requirement
4. If a Normandale Community College course is shown as equivalent to an upper-division course at Metropolitan State University, the Normandale course credits will transfer to Metropolitan State as lower division. This may have an impact on the 40 upper-division credits requirement for graduation.
5. Check Transferology <https://www.transferology.com/> for course equivalencies and your transfer options.
