List all courses you are currently enrolled in or have completed to meet the eight prerequisites. In the case of the primary prerequisites (labs required), if more than one course applies, use the separate line provided (such as CHEM 111 and CHEM 111L to meet the chemistry with lab requirement.)

**Primary Prerequisites** (including labs) must be completed prior to the application deadline, AND must result in a cumulative GPA of 3.0 or better.

**Secondary Prerequisites** may be pending completion at the application deadline. If an admission offer is made, the remaining prerequisites must be completed with a grade of C or better prior to the start of the program. To verify successful completion, official transcripts are required.
