Dear Dr. Hill:

On behalf of the Commission on Collegiate Nursing Education (CCNE), I am pleased to advise you that the CCNE Board of Commissioners acted at its meeting on October 3-6, 2023, to grant accreditation to the **baccalaureate degree program in nursing** at Metropolitan State University for 10 years, extending to December 31, 2033. The accreditation action is effective as of April 12, 2023, which is the first day of the program's recent CCNE on-site evaluation. You should plan for the next on-site evaluation to take place in the spring of 2033.

The program was considered by the Board using the *CCNE Standards for Accreditation of Baccalaureate and Graduate Nursing Programs (Standards)* (2018).

At its meeting, the Board determined that the program met all four accreditation standards. The Board additionally determined that there is a compliance concern with respect to Key Element IV-C.

A compliance report must be submitted to demonstrate the program's compliance with the following key element:

Provide evidence that licensure pass rates demonstrate program effectiveness (Key Element IV-C). Specifically, licensure pass rates as presented in the February 6, 2023 substantive change notification and in supplementary information submitted by the program on September 22, 2023 do not meet the 80% expected level of achievement. As a reminder, the program may demonstrate compliance using any of the options identified in the elaboration to this key element, including the pass rate for first-time takers for the most recent calendar year; the pass rate for all takers (first-time and repeaters who pass) for the most recent calendar year; the pass rate for all first-time takers over the three most recent calendar years; or the pass rate for all takers (first-time and repeaters who pass) over the three most recent calendar years. The program must identify which option is used to calculate the pass rate. For guidance, CCNE hosted a free [webinar](#) focusing on Standard IV, which is archived and accessible via the CCNE website.

The deadline for submitting the compliance report to CCNE is December 1, 2024. Please email the report, along with appendices, if any, as a PDF attachment to ccnereports@ccneaccreditation.org.

As is required for all accredited programs, a continuous improvement progress report (CIPR) must be submitted at the midpoint of the accreditation term. The deadline for submitting the CIPR to CCNE is December 1, 2028.

Please note that each aforementioned report needs to demonstrate the program's compliance with the CCNE standards that are in effect at the time of the report's submission. As a courtesy, CCNE will send a reminder letter to the chief nurse

administrator informing the program of the specific standards and/or key elements to be addressed in the report and provide guidance for the preparation of the report. The Report Review Committee, and then the Board of Commissioners, review each report. For more information about reports and the report review process, please refer to the CCNE procedures.

As you know, the team report and the program's response to the team report are available to the institution in the CCNE Online Community. We hope that the results of the self-study process and the team report will be useful to the continued growth and development of the nursing program. The certificate of accreditation will be mailed to you in the coming weeks.

In accordance with CCNE policy, if a program or institution elects to make a public disclosure of a program's accreditation status with CCNE, the program or institution must disclose that status accurately. The program or institution disclosing the information must identify the nursing program and its affiliation with CCNE. Please refer to CCNE's disclosure policy and the statements CCNE has approved for use, as well as information on use of the CCNE accreditation seal, at <http://www.aacnnursing.org/CCNE/Seal-Policy/Baccalaureate-Graduate>. Please ensure that the institution's website and other materials are updated to reflect this language, as appropriate.

As a reminder, programs are expected to comply with the CCNE standards and procedures throughout the period of accreditation. These documents are available at <https://www.aacnnursing.org/CCNE-Accreditation/Accreditation-Resources/Standards-Procedures-Guidelines>. Information on advising CCNE in the event of a substantive change affecting the nursing program is available at <https://www.aacnnursing.org/CCNE-Accreditation/What-We-Do/Bacc-Graduate-Change-Notifications>. Substantive change notifications must be received by CCNE no earlier than 90 days prior to implementation or occurrence of the change, but no later than 90 days after implementation or occurrence of the change. These reporting requirements are described further in the CCNE procedures.

Thank you for your participation in the CCNE accreditation process. The Commissioners join me in expressing our very best wishes as you continue to promote excellence in nursing education.

Sincerely,

Philip R. Martinez, Jr., EdD, MSN, APRN-BC, CCRN-CMC

Dear Dr. Hill:

On behalf of the Commission on Collegiate Nursing Education (CCNE), I am pleased to advise you that the CCNE Board of Commissioners acted at its meeting on October 3-6, 2023, to grant accreditation to the **Doctor of Nursing Practice (DNP) program** at Metropolitan State University for 10 years, extending to December 31, 2033. The accreditation action is effective as of April 12, 2023, which is the first day of the program's recent CCNE on-site evaluation. You should plan for the next on-site evaluation to take place in the spring of 2033.

The program was considered by the Board using the *CCNE Standards for Accreditation of Baccalaureate and Graduate Nursing Programs* (2018).

At its meeting, the Board determined that the program met all four accreditation standards. The Board additionally determined that there are no compliance concerns with respect to the key elements.

As is required for all accredited programs, a continuous improvement progress report (CIPR) must be submitted at the midpoint of the accreditation term. Please note that the CIPR needs to demonstrate the program's compliance with the CCNE standards and key elements that are in effect at the time of its submission. As a courtesy, CCNE will send a reminder letter to the chief nurse administrator informing the program of the specific standards to be addressed and providing guidance for the preparation of the report. The deadline for submitting the CIPR to CCNE is December 1, 2028. The Report Review Committee, and then the Board of Commissioners, will review the CIPR. For more information about CIPRs and the report review process, please refer to the CCNE procedures.

As you know, the team report and the program's response to the team report are available to the institution in the CCNE Online Community. We hope that the results of the self-study process and the team report will be useful to the continued growth and development of the nursing program. The certificate of accreditation will be mailed to you in the coming weeks.

In accordance with CCNE policy, if a program or institution elects to make a public disclosure of a program's accreditation status with CCNE, the program or institution must disclose that status accurately.
