Job Category Analysis

Minnesota Administrative Rules 3905.0600 Subp 3.A and Minnesota Administrative Rules 3905.0600 Subp 3.B

The University conducted a Job Category Analysis to determine the percent of protected group employees including veterans in each job category. The job category analysis lists job class titles in each Equal Employment Opportunity (EEO) job category at the University. A job classification is a group of one or more positions with similar duties and responsibilities. These classifications help clarify positions within the class so the same schedules of pay can be applied with equity to all positions in the class that fall under the same, or substantially the same, employment conditions.

Utilization/Comparing Employees to Availability, Goal Establishment, and Timetables

Minnesota Administrative Rules 3905.0400 Subp 1 Item G, Minnesota Administrative Rules 3905.0600 Subp 3, Minnesota Administrative Rules 3905.0600 Subp 4, and Minnesota Administrative Rules 3905.0600 Subp 5.

Utilization is an analysis of affirmative action and equal opportunity employment data used to assess the available workforce for a given state.

Underutilization Analysis worksheets are attached in the appendices. Numbers less than 10 are indicated with “<10” in accordance with Minnesota Management and Budget’s guidance on data privacy.

Through the utilization and availability analysis, the University has determined which job categories are underutilized for females, racial/ethnic minorities, individuals with disabilities, and veterans in the University, and has set hiring goals for the next two years. Hiring goals are objective and used for making good faith efforts for all aspects of the affirmative action plan. Effective hiring goals are strategic, actionable, and measurable efforts the University is committed to pursuing and implementing in 2024-2026.

The goals are not quotas, nor do they require protected group or veteran status-based hiring preferences. They are aspirational goals so that the University makes good faith efforts to remove barriers to equal employment opportunity.

The University used the whole person rule to establish a hiring goal. This means when the actual representation percentage of females, racial/ethnic minorities, individuals with disabilities, or veterans is less than reasonably would be expected given the workforce participation in the labor market area/reasonable recruitment area and that difference is at least one whole person (more than 1), then a goal is established for that job category.

When a hiring goal for a job category is established, a percentage goal equals to the final availability percentage is calculated for females, racial/ethnic minorities, individuals with disabilities, and veterans in that job category.

The Utilization Analysis indicates if a job category by protected group is underutilized.

Area(s) in the University’s workforce that require further monitoring appear in the “Establish Goals?” column as:

- “Yes”: there is underutilization.
- “Monitor”: The University needs to monitor the job it may be underutilized where employee movement occurs.

The Utilization Analysis is used to comparing employees to availability, establishing placement goals and establishing timetables to meet goals. The data compares Job Category, Females, Racial/Ethnic Minorities and Veterans. If a protected group (including veterans) in a job category shows “Monitor,” the College will proactively make good faith efforts to recruit external qualified protected groups and veterans. The College will also train and retain employees in the job category to help prevent underutilization due to an employee move or attrition.

The Utilization Analysis is a summary of Hiring Goals by Job Category, Females, Racial/Ethnic Minorities, Individuals with Disabilities and Veterans. The actions the College will take to address these hiring goals will be described in the Corrective Actions and Action-Oriented Programs section.

Utilization Analysis

Minnesota Administrative Rules, Part 3905.0600(4), (5), and (6)

Placement Goals are established based on the whole person rule (i.e., a goal is set when availability exceeds employment by at least one whole person).

Monitoring personnel activities can serve as a means of measuring the University's progress toward achieving the established goals in the absence of discrimination and effectiveness of the University's good faith efforts.

Progress Reports

The progress report examines hiring goals established in the prior Affirmative Action Plan. As a part of the University's monitoring practices, the University evaluated if it met the hiring goal(s) established in the prior Affirmative Action Plan.

The Progress Towards Goals Reports below includes only job categories that have hiring goal(s) established in the prior Affirmative Action Plan and it evaluates if the University attained the hiring goal(s).

Where the indication of the "Goal Met?" column is:

- "Yes": the University met the goal established in the prior Affirmative Action Plan.
- "No": the University did not attain the goal established in the prior Affirmative Action Plan.
- "No Hire/Prom": there were no opportunities in the prior Affirmative Action Plan period.

Females

The most recent Affirmative Action Plan set goals for faculty positions for all of the protected classes. There was little to no movement between the last plan completion and now. One of the most persistent barriers presented has been a lack of stability in our Human Resources department coupled with a less than robust institution-wide recruitment strategy.

Separations

The Separation Analysis below shows the results by separation type including females, racial/ethnic minorities, individuals with disabilities and veterans during the prior affirmative action plan period to evaluate and identify potential action area(s) for retention strategies for the 2024-2026 plan year.

The separation percentages were derived within the separation type by protected groups to identify impact on protected group members including veterans. There are two examinations in this worksheet:

1. The total percentage indicates the percentage by separation type. For example, there were 1,000 separations in total. Of those separations, 150 employees separated due to dismissal or non-certification. The dismissal or non-certification percentage is 15.00% (150 divided by 1,000).
2. The “percentage type¹” indicates percentage by protected group and veteran type within a separation type. For example, there were 150 separations by dismissal or non-certification in total. Of those separations, 80 were female employees. The female dismissal or non-certification separation is 53.33% (80 divided by 150). Therefore, the “percentage type¹” analyzes the percent of protected groups and veterans compromised in each separation type.
3. The “percentage type²” indicates percentages by separation type within the protected group or veterans. For example, there were 500 female separations in total. Of those separations, 80 female employees separated due to the dismissal or non-certification reason. The female dismissal or non-certification separation is 16.00% (80 divided by 500). Therefore, the “percentage type²” analyzes the percent of separation type within the protected group or veterans.

Corrective Actions, Action-Oriented Programs, and Timetable

Minnesota Administrative Rules 3905.0400 Subp 1 Item H.

The University's affirmative action plan is designed to implement the provisions of this affirmative action plan and meet requirements found in [Minnesota Statutes, section 43A.191 Subdivision 2](#). These Action-Oriented Programs are carried out throughout this affirmative action plan period.

Corrective Actions

This section identifies ways the University will eliminate barriers, provide corrective actions, and make good faith efforts toward the affirmative action goals for underutilized protected groups (broken down by specific job categories).

The University developed the below action-oriented programs specific to the job category/protected group(s) or veterans identified in the "[Identification of Areas for Further Monitoring](#)" section supported by the "[Utilization Analysis](#)" and "[Personnel Activities](#)" sections.

Table 2. Areas of Further Monitoring and Corrective Actions

Areas for Further Monitoring	Corrective Actions Specific to the Further Monitoring Areas Identified
<p>Faculty: tenured and tenure - track</p> <ul style="list-style-type: none"> • Females, Racial/Ethnic Minorities and Individuals with Disabilities are underutilized. • Because tenured faculty positions are typically internal promotions, lower promotional rate into this job category for females, racial/ethnic minorities and individuals with disabilities, contributes to the underutilization for these protected groups. <p>Faculty fixed term</p> <ul style="list-style-type: none"> • The University needs to “monitor” individuals with disabilities and veterans because underutilization may occur by some employee movement. 	<ul style="list-style-type: none"> • Every fall semester, prior to the posting of fixed term and faculty tenure track positions, conduct presentation for the provost and deans so that hiring authorities understand the importance of prioritizing the hiring of females, racial/ethnic minorities and individuals with disabilities to ensure a more diverse hiring cycle which will directly impact those eligible for faculty tenured positions • By December 31, 2024, review our position posting procedure and minimum qualifications in collaboration with the provost, HR and the AAO. • Ensure Notice of Vacancy is reviewed annually by Affirmative Action Officer and designed to ensure we can mitigate bias in the search and hiring process. <p>Even though there is no underutilization of individuals with disabilities in this job category, it is an area that potentially will be underutilized if there is any personnel movement.</p> <ul style="list-style-type: none"> • By June 2025, those in academic affairs will have a plan completed for the intentional recruitment of individuals with disabilities as well as veterans.

Develop a plan to address any significant issues.

Para-Professionals <ul style="list-style-type: none"> • Racial/Ethnic minorities and veterans are underutilized • The University needs to “monitor” females and individuals with disabilities because underutilization may occur by some employee movement. 	<ul style="list-style-type: none"> • Further bias training for hiring supervisors will make a world of difference for this category along with concerted recruitment efforts. Further, retention will become a priority. • OEI + HR will encourage search committees to step outside of their hiring comfort zone in order to hire people who may differ from their vision of the “perfect candidate.” One concrete example of this is allowing those without a higher education background to break into the field.

Action-Oriented Programs

This section provides an overview of the University’s general efforts and actions to ensure equal employment opportunity. The University has reviewed barriers to hiring during the previous plan period and identified recruitment strategies, processes, and training to address underutilization for this plan year.

Barriers

The University has constraints to address underutilization and areas for monitoring identified in the previous section.

- There is currently a lack of a recruitment structure present- creating a recruitment structure will take time and effort from multiple parties across the institution
- Limited recruitment knowledge across the institution
- Current limited HR capacity and turnover
- On-going need to address bias in the search and hiring process

Recruitment and Processes

The University takes the following actions to improve recruitment and increase the number of qualified females, racial/ethnic minorities, individuals with disabilities and veterans in the applicant pool:

- The University will continue to place advertisements of job opportunities through [the State of MN Career site](https://mn.gov/mmb/careers/search-for-jobs/) (https://mn.gov/mmb/careers/search-for-jobs/).
- Continue to encourage a wide broad range of female, racial/ethnic minorities, individuals with disability and veteran applicants to apply for job vacancies when eligible.
- Establishment and maintenance of contacts, that may include formal agreements, with organizations that specialize in providing assistance to individuals with disabilities in securing and maintaining employment, such as the Department of Employment and Economic Development's Vocational Rehabilitation Services, State Services for the Blind, community rehabilitation programs, day training and habilitation programs, and employment network service providers.
- Designate staff to handle any disability related issues that arise during the application and selection process.
- Coordinate/host a regional career fair in 2025 which benefits all of the institutions in the immediate vicinity of Metro State
- Participate in at least four job fairs during the plan years
- Establish relationships with technical colleges in the area in order to recruit their recent graduates. This tactic should have direct impact on our "areas to monitor" which include skilled crafts and service maintenance
- Advertise the Connect 700 program to attract qualified individuals with disabilities by providing a link to MMB's web site.
- Continue to use the EEO tag line on all job postings and advertisements.
- Continue to publish recruitment materials and media depicting individuals representing protected groups and veterans.
- Review/evaluate job postings to eliminate non-inclusive language.
- Continue to grow the **equity champions program** to serve on search committees to ensure an equity minded search process.

Persons Responsible:

- Vice President of Equity and Inclusion and Title IX Coordinator
- Vice President of Human Resources and Employee Experience
- ADA Coordinator
- Program Director of Equity and Inclusion
- President's Executive Cabinet.
- ASA Executive Cabinet (ASAcC)

Retention

The University will take the following actions to improve retention of females, racial/ethnic minorities, individuals with disabilities and veterans:

- Metro State's underutilization is concentrated in one area: faculty – specifically tenured faculty within the categories of: women, racial/ethnic minorities and those with disabilities. With very little movement in these areas during the plan years ('22-'24) the data implies that retention is not a barrier for the current underutilization. The issue lies with recruitment and hiring. With that said, there is always room for improvement. Metro State will commit to the following:
 - Follow up with all new employees within the first six months and then one year. Exit interviews are helpful, but stay interviews are a useful tool as well. Stay interviews allow us to address any concerns in the moment to ultimately encourage employee longevity.
 - When new employees are hired, the Office of Equity and Inclusion will ensure that they have access to all of the current Employee Resource Groups as well as the information needed to start a new one should they choose. ERG's are an essential part of workplace connections and a strong workplace culture.
 - Conduct exit interviews, analyze the data, and address identified concerns.
 - Create an inclusive workplace by providing frequent training and modeling appropriate workplace behavior.
 - Implement new employee on-boarding program.

Persons Responsible:

- Vice President of Equity and Inclusion and Title IX Coordinator
- Vice President of Human Resources and Employee Experience
- ADA Coordinator
- Program Director of Equity and Inclusion
- President's Executive Cabinet.
- ASA Executive Cabinet (ASAcC)

Advancement

The University will take the following actions to improve advancement of females, racial/ethnic minorities, individuals with disabilities, and veterans:

The possibilities for advancement and recruitment of our colleagues in protected classes are endless. We have an abundance of resources available to us because of our convenient location in St. Paul.

- Develop a pipeline for entry-level jobs across job categories by creating partnerships with our brother/sister institutions also in the metro area. As mentioned above, partnerships with the technical colleges would benefit Metro in two very specific ways:
 - Direct pipeline for our areas under monitor: service maintenance and skilled craftsmen
 - Recruitment benefits for admissions as over half of our student body is comprised of transfer students
 - The two benefits mentioned above are even more appealing to those looking to work and attend school at Metro State.
- Encourage use of the College's mentor-mentee programs.
- Create a pipeline for emerging leaders in their second or third year to participate in leadership development programs and conferences, such as:
 - LUOMA
 - Strategic Effectiveness for Aspiring Leaders
 - Core Development Programs for supervisors, managers and human resources staff
 - Leadership Development
 - Emerging Leaders Institute (ELI)
 - Senior Leaders Institute (SLI)
 - Extraordinary Leadership Workshop, Extraordinary Coach, or Elevating Feedback Workshop
- Connect employees and emerging leaders to the LinkedIn Learning Toolkit to further assist employees develop and refine skills to reach career goals.
- Develop individual leadership coaching sessions for all levels of leaders, from aspiring to executive to help leaders expand awareness, discover solutions and make better decisions.

Persons Responsible:

- Vice President of Equity and Inclusion and Title IX Coordinator
- Vice President of Human Resources and Employee Experience
- ADA Coordinator
- Program Director of Equity and Inclusion
- President's Executive Cabinet.
- ASA Executive Cabinet (ASAeC)

Training

The University will take the following actions to improve retention of females, racial/ethnic minorities, individuals with disabilities, and veterans:

HR has room for improvement when it comes to retention. While training our supervisors and leaders is important to ensure better retention rates, before we can begin training supervisors, retention must become a priority for HR. Stay interviews, exit interviews, employee engagement is lacking currently.

- Training and professional development for all supervisors.
- Provide training, support and resources to human resources staff to effectively handle:
 - Any disability related issues that arise during the application and selection process
 - Ensure disability related questions from members of the public regarding the college's application and selection process are answered promptly and correctly, including questions about reasonable accommodations needed by job applicants during the application and selection process and questions about how individuals apply for positions under hiring authorities that take disability into account;
 - Processing requests for reasonable accommodations needed by job applicants during the application and placement process and ensuring that the college provides such accommodations when required;
 - Accepting applications for a position under hiring authorities that take disability into account and determining whether the individual is eligible for appointment under such authority and if so, forwarding the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed, consistent with applicable laws; and
 - Overseeing any other college programs designed to increase hiring of individuals with disabilities, racial/ethnic minorities, veterans and females.
- Provide quality on-boarding orientations.
- Provide training to hiring managers/authorities
- Announce training opportunities to all employees.
- Broadly announce all promotion and transfer opportunities.
- Provide unconscious bias training to all employees.
- Implement cross-learning programs to develop employee's skill and competencies.

Methods of Auditing, Evaluating, and Reporting Program Success

Minnesota Administrative Rules 3905.0400, subpart 1, item I

Pre-Employment Review Procedure/Monitoring the Hiring Process

The University will evaluate its selection process to determine if its requirements unnecessarily screen out a disproportionate number of females, racial/ethnic minorities, individuals with disabilities or veterans. The University will use the Monitoring the Hiring Process form for every hire to track the number of females, racial/ethnic minorities, individuals with disabilities, and veterans in each stage of the selection process. Directors, managers, and supervisors will work closely with human resources and the Affirmative Action Officer in reviewing the requirements for the position, posting the position, and interviewing and selection to ensure that equal opportunity and affirmative action are carried out. Directors, managers, and supervisors must document their hiring decisions and equal opportunity professionals will review for bias.

A University that does not meet its hiring goals for competitive appointments, and noncompetitive appointments under MS 43A.08, subd. 1(9), (11) and (16), and 43A.15, subd. 3, 10, 12, and 13, must justify its non-affirmative action hires. The affirmative action statute was amended in 2019 so agencies including Minnesota State can no longer take missed opportunities. The University will report the number of affirmative and non-affirmative hires to MMB on a quarterly basis.

When candidates are invited to participate in the selection process, employees scheduling the selection process will describe the process to the candidate (e.g., interview process, testing process). All candidates are provided information regarding the procedure to request reasonable accommodations, if necessary, to allow candidates with disabilities equal opportunity to participate in the selection process. For example, describe if interview questions are offered ahead of time or what technology may be used during a test. This allows for an individual with a disability to determine if they need a reasonable accommodation in advance.

All employees involved in the selection process are trained and accountable for the University's commitment to equal opportunity and the affirmative action plan and its implementation. The Affirmative Action Officer or designee conduct bias mitigation training and provides an overview of the university's affirmative action goals to each search committee before the search process begins.

Pre-Review Procedure for Layoff Decisions

Affirmative Action Officer, in conjunction with the University's human resources office, is responsible for reviewing all pending layoffs to determine their effect on the University's affirmative action goals and timetables.

If it is determined that there is a disparate impact on protected groups or veterans, the University will document the reasons why the layoff is occurring, such as positions targeted for layoff, applicable personnel policies or collective bargaining agreement provisions, or other relevant

reasons. The University will determine if other alternatives are available to minimize the disparate impact on protected groups and veterans.

Other Methods of Program Evaluation

The University submits the following compliance reports to Minnesota State as part of the efforts to evaluate the University's affirmative action plan:

- Quarterly Monitoring the Hiring Progress Reports (submits quarterly report to Minnesota State)
- Biannual Affirmative Action Plan (submitted to Minnesota State for review and approval)
- Annual Americans with Disabilities Act Report (submitted to MMB annually through Minnesota State)
- Disposition of Internal Complaint (submitted to Minnesota State system office within 30 days of final disposition)
- Annual Internal Complaint Report (submitted annually to MMB by the Minnesota State system office)
- Annual Connect 700 Program Statistics Survey (submitted to MMB annually through Minnesota State)
- Annual Veterans Recruitment and Retention Survey (submitted annually to Minnesota State)

The University also evaluates the Affirmative Action Plan in the following ways:

- Monitors progress toward stated goals by job category
- Analyzes employment activity (hires, promotions, and terminations) by job category to determine if there is disparate impact
- Analyzes compensation program to determine if there are patterns of discrimination
- Reviews the accessibility of online systems and websites, and ensures that reasonable accommodations can be easily requested
- Discusses progress with university leadership on a periodic basis and makes recommendations for improvement

Definitions of Terms Used in This Affirmative Action Plan

Applicant: "Applicant" means a person who has satisfied the minimum requirements for application established by the commissioner of management and budget ([M.S. 43A.02, subd. 4](#)).

Availability: an estimated percentage of qualified females, racial/minorities, or individuals with disabilities in the relevant labor market who are available for positions in a given job category at a state University. The final availability is determined by considering two factors: the statistics from the outside labor market and the internal state University workforce for the Affirmative Action Plan year.

Connect 700 (C700) Program: an alternative, non-competitive selection process for individuals whose disabilities prevent them from demonstrating their skills in a standard competitive selection process. If selected, this program allows eligible individuals to demonstrate their skills in an on-the-job trial work experience of up to 700 hours. See [Minnesota Statutes, section 43A.15, subdivision 14](#).

Feeder job: staffed positions within the University that can be promoted and/or transferred into other EEO job categories.

Hiring goal: a numerical objective designed to correct an identified deficiency in the utilization of protected group members. For example, the professional job category has identified underutilization and the availability is 30%, the goal (or hiring goal) for females in the job category is for 30% of the new hires/rehires and promotions for that Affirmative Action Plan year would be females. Goals/hiring goals should never be implemented as quotas, nor should they be used as criteria in decision-making regarding qualifications.

Job category: a group of jobs that are linked by a common purpose and skill set (or sometimes certificates/educational degrees) and are grounded on the job categories identified by the U.S. Equal Employment Opportunity Commission (EEOC).

Labor market area/Reasonable recruitment area: a geographic area in which an University is seeking a worker in a particular goal unit and where there is an available supply of workers employed or seeking jobs in that goal unit.

Promotion: the appointment of an employee to a position in a class assigned to a salary range which is two or more steps higher at the maximum than the employee's current job class or which requires an increase of two or more steps to pay the employee at the minimum of the new range.

Protected groups: females, persons with disabilities, veterans, and members of the following minorities: Black, Hispanic, Asian or Pacific Islander, and American Indian or Alaskan Native ([M.S. 43A.02, subd. 33](#)).

Snapshot: one particular point in time. A snapshot of a workforce is taken at one particular point in time as the basis for Affirmative Action Plan analyses because the workforce numbers are always fluctuating.

Supported Work Program: The state legislature established the program in 1987 to expand employment opportunities for people with significant disabilities. but has been expanded to include individuals who experience other significant disabilities, including, but not limited to, head injury, mental illness, and deaf blindness. Under the program, a supported worker must require ongoing support and may share a single position with up to two other supported work employees.

Underutilization: the representation of females Minors, racial/ethnic minorities, or individuals with disabilities in a specific job category is less than reasonably would be expected given from workforce participation in the labor market area.

Academic freedom comes with a responsibility that all members of our education community benefit without intimidation, exploitation, or coercion. This policy is directed at conduct that constitutes discrimination or harassment under this policy and is not directed at the content of speech. In cases in which statements and other forms of expression are involved, Minnesota State must consider an individual's constitutionally protected right to free speech and academic freedom. Sexual harassment and violence as sexual abuse

Minnesota law provides special protection for children under 18 and vulnerable adults. These laws, Minnesota Statutes sections 260E and 262.557, identify those who are mandated to report neglect or abuse of children under 18 and maltreatment of vulnerable adults. The parties must voluntarily consent, in writing, to participate in the processes that include mediation and other alternative dispute resolutions. At any time before agreeing to a resolution, any party has the right to withdraw from the process and resume the formal complaint process.

Subpart D. Formal decision process

1. **Designated officer.** The designated officer or the investigator shall:
 - a.) prepare an investigation report and forward it to the decision-maker for review and decision; and
 - b.) take additional investigative measures as requested by the decision-maker.
2. **Decision-maker.** After receiving the investigation report prepared by the designated officer or investigator, the decision-maker shall:
 - a. determine whether additional steps should be taken prior to making the decision. Additional steps may include:
 1. a request that the designated officer or investigator conduct further investigative measures; and
 2. a request for additional information which may include a written response from the complainant or respondent relating to the allegations of the complaint.
 - b. take other measures deemed necessary to determine whether a violation of Board Policy 1B.1 occurred;
 - c. when making the decision, use a preponderance of evidence standard, meaning that it is more likely than not that the policy has been violated, taking into account the totality of the circumstances, including the nature and extent of the behaviors, the relationship(s) between the parties, the context in which the alleged incident(s) occurred, and other relevant factors;
 - d. as appropriate, consistent with applicable state and federal data privacy laws, issue a decision in writing to the complainant, respondent and designated officer of the determination, and the basis for the determination, as to whether Board Policy 1B.1 has been violated.
 - e. determine the nature, scope, and timing of disciplinary or corrective action and the process for implementation if a violation of Board Policy 1B.1 occurred. This may include consultation with student affairs, human resources or supervisory personnel to determine appropriate discipline.

f. conduct that is determined not to have violated Board policy 1B.1 may be considered under another procedure, if appropriate.

g. prior to issuing decision letters, decision-makers shall submit drafts of the written decision and investigation report to the Office of General Counsel for review.

Part 6. College, University or System Office Action

The college, university, or system office shall take the appropriate disciplinary or corrective action based on results of the investigation. The designated officer shall make appropriate inquiries to ascertain the effectiveness of any corrective or disciplinary action. Complainants and other individuals are encouraged to report any subsequent conduct they believe violates Board Policy 1B.1, as well as allegations of retaliation to the designated officer.

Written notice to parties relating to discipline, resolutions, or final dispositions resulting from the report/complaint process in this procedure is deemed to be official correspondence from the college, university, or system office. In accordance with Minn. Rule 3905.0500, the college, university, or system office is responsible for filing the complaint disposition concerning complaints against employees with the Commissioner of Management and Budget within 30 days of final disposition.

Part 7. Appeal

Subpart A. Filing an appeal

The complainant or the respondent may appeal the decision of the decision-maker. An appeal must be filed in writing with the president or designee within ten (10) business days from the receipt of the decision. The appeal timeline may be extended for reasonable cause. The appeal must state specific reasons why the complainant or respondent believes the decision was improper.

Grounds for appeal of the decision include; (1) procedural irregularity that affected the decision issued by the decision-maker, (2) new evidence that was not reasonably available at the time when the determination regarding violation of policy or sanction was made that could affect the decision issued by the decision-maker, (3) a conflict of interest or bias by the designated officer, investigator, or decision-maker that affected the decision issued by the decision-maker, or (4) insufficient evidence to support the decision-maker.

In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision-maker.

Subpart B. Effect of appeal

For employees covered by a collective bargaining agreement, an appeal of the decision under this procedure is separate and distinct from contractual grievance procedures. During the pendency of the appeal, disciplinary or corrective action taken as a result of the decision may be enforced. In cases involving sanctions of suspension for ten (10) days or longer, students must be informed of their right to a contested case hearing under Minn. Stat. Ch. 14.

Subpart C. Appeal process

The president or designee shall review the decision issued by the decision-maker and the investigation report, and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal must be made within a reasonable time and the complainant, respondent, and designated officer must be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

Part 8. Education and Training

The colleges, universities, and system office shall provide education and training programs to promote awareness and prevent discrimination, harassment, and retaliation such as educational seminars, peer-to-peer counseling, and informational resources. Education and training programs should include Board Policy 1B.1, this procedure, and may include training on trauma-informed investigations and restorative practices. All colleges, universities, and the system office shall promote awareness of Board Policy 1B.1 and this procedure, and shall publicly identify the designated officers.

Part 9. Distribution of Board Policy 1B.1 and System Procedure 1B.1.1

I Board Policy 1B.1 and this procedure must, at a minimum, be distributed to students at the time of registration and to employees at the beginning of employment. Distribution may be accomplished by posting on an internet website, provided all students and employees are directly notified of how to access the policy and procedure by an exact web address, and that they may request a paper copy. Copies of the policy and procedure must be conspicuously posted at appropriate locations at the system office and on college and university campuses at all times and include the designated officers' names, locations, and telephone numbers.

Designated officers also must be identified by name, location, and phone number in informational publications such as student catalogs, student and employee handbooks, bulletin boards, campus websites, and other appropriate public announcements.

Part 10. Maintenance of Report/Complaint Documentation

During and upon the completion of processing the report/complaint, including completing an informal resolution and/or formal process, the report/complaint file must be maintained in a secure location in accordance with the applicable records retention schedule. Access to the data must be in accordance with the respective collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act, or other applicable law.

Part 11. Annual Report to Board of Trustee

Colleges and universities shall annually submit pertinent Board Policy 1B.1 information to the Office of Equity and Inclusion. The Offices of General Counsel and Equity and Inclusion shall submit an annual report to the Board of Trustees of summary data showing Board Policy 1B.1 complaints, categories of complaints, and findings of violations.

Minnesota State 1B.3 Sexual Violence Policy

(See current policy [here](#))

Part 1. Policy statement

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual, and is prohibited at Minnesota State Colleges and Universities. Minnesota State is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law or of other Board Policies that may require separate proceedings. To further its commitment against sexual violence, Minnesota State provides reporting options, an investigative and disciplinary process, prevention training, and other related services as appropriate.

Subpart A. Application of policy to students, employees, Board of Trustees and others

This policy applies to all Minnesota State students and employees, Board of Trustees and to others, as appropriate, where incidents of sexual violence on system property have been reported. Reports of sexual violence committed by a student at a location other than on system property are covered by this policy pursuant to the factors listed in Board Policy 3.6, Part 2. Reports of sexual violence committed by a system employee at a location other than system property are covered by this policy.

Reports of sexual violence committed on system property by individuals who are not students or employees are subject to appropriate actions by Minnesota State, including but not limited to pursuing criminal or civil action against them.

Allegations of discrimination or harassment are governed by Board Policy 1B.1.

Subpart B. College and university policies

Each Minnesota State college and university shall adopt a clear, understandable written policy on sexual violence that applies to its campus community, including but not limited to its students and employees. The policy content and implementation must be consistent with the standards in this policy and System Procedure 1B.3.1.

Part 2. Definitions.

The following definitions apply to this policy and System Procedure 1B.3.1.

Affirmative Consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. A lack of protest,

absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Dating, intimate partner, and relationship violence

Violence including physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota law.

Employee

Any individual employed by Minnesota State, its colleges and universities and the system office, including student workers.

Non-forcible sex acts

Non-forcible acts include unlawful sexual acts where consent is not relevant, such as sexual contact with an individual under the statutory age of consent, as defined by Minnesota law, or between persons who are related to each other within degrees wherein marriage is prohibited by law.

Sexual assault

An actual, attempted, or threatened sexual act with another person without that person's affirmative consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student codes of conduct and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as date rape or acquaintance rape. This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching of a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast); or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts.
4. Offensive sexual behavior directed at another, such as indecent exposure or voyeurism.

Sexual violence

A continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relationship violence, stalking as well as aiding acts of sexual violence.

Stalking

Conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause reasonable people to fear for their safety or the safety of others or to suffer substantial emotional distress.

Student

All persons who:

1. Are enrolled in one or more courses, either credit or non-credit, through a college or university; or
2. Withdraw, transfer, or graduate after an alleged violation of the code of student conduct; or
3. Are not officially enrolled for a particular term but who have a continuing relationship with the college or university; or
4. Have been notified of their acceptance for admission or have initiated the process of application for admission or financial aid; or
5. Are not college or university employees and are not enrolled in the institution but live in a college or university residence hall.

System Property

The facilities and land owned, leased, or under the primary control of Minnesota State, its Board of Trustees, system office, colleges, and universities.

Minnesota State System Procedure 1B.3.1

Response to Sexual Violence and Title IX Sexual Harassment (See current procedure [here](#))

Part 1. Purpose

This procedure provides a process through which individuals alleging sexual violence may pursue a complaint, pursuant to Board Policy 1B.3 Sexual Violence Policy prohibiting sexual violence.

This procedure is intended to protect the rights and privacy of both the complainant and respondent and other involved individuals, as well as to prevent retaliation and reprisal.

Part 2. Definitions

The definitions in Policies 1B.3 and 1B.1 also apply to this procedure.

Campus security authority

Campus security authority includes the following categories of individuals at a college or university:

1. A college or university security department;
2. Any individual who has campus security responsibilities in addition to a college or university security department;
3. Any individual or organization identified in a college or university security policy as an individual or organization to which students and employees should report criminal offenses;
4. An official of a college or university who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings; advisors to recognized student organizations; and athletic coaches. Professional counselors, whose official responsibilities include providing mental health counseling, and who are functioning within the scope of their license or certification, are not included in this definition.

Complainant

An individual who is alleged to be the victim of conduct that could constitute sexual harassment (as defined by Title IX).

Educational program activity

Includes locations, events, or circumstances over which the college or university exercised substantial control over both the respondent and the context in which the sexual harassment (as defined by Title IX) occurs, and also includes any building owned or controlled by any officially recognized student organization of the college or university.

Formal complaint

A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment (as defined by Title IX) against a respondent and requesting that the college or university investigate the allegation of sexual harassment. At the time of filing the formal complaint of sexual harassment (as defined by Title IX), a complainant must be participating in or attempting to participate in the education program or activity of the college or university with which the formal complaint is filed.

Respondent

An individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment (as defined by Title IX).

Supportive measures

Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent before or after the filing of a formal Title IX complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

Title IX Coordinator

Employee(s) designated by the president to coordinate the college or university's efforts to comply with its Title IX responsibilities and Board Policies 1B.1 and 1B.3. A campus can delegate Title IX responsibilities to, for example, a deputy or deputies, and/or an investigator.

Title IX sexual harassment

For purposes of Title IX, sexual harassment means conduct on the basis of sex that occurs in a college or university's program or activity in the United States that satisfies one or more of the following:

1. An employee of the college or university conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the college or university's education program or activity; or

Sexual assault; dating, intimate partner, and relationship violence; and stalking as defined in Board Policy 1B.3.

Part 3. Reporting Incidents of Sexual Violence

Subpart A. Prompt reporting

Complainants of sexual violence and sexual harassment (as defined by Title IX) may report incidents at any time, but are strongly encouraged to make reports promptly in order to best preserve evidence for a potential legal or disciplinary proceeding.

Complainants are strongly encouraged to report incidents of sexual violence to law enforcement for the location where the incident occurred. Complainants are also encouraged to contact the local victim/survivor services office, counseling and health care providers, campus Title IX coordinators, or Minnesota State Colleges and Universities campus security authorities for appropriate action.

Subpart B. Assistance in reporting

When informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), all Minnesota State Colleges and Universities students and employees are urged to encourage and assist complainants, as needed, to report the incident to local law enforcement, local victim/survivor services, campus Title IX coordinator, or campus security authorities.

Campus security authorities, when informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall promptly assist the complainant, as requested, including providing guidance in filing complaints with outside agencies, such as law enforcement; obtaining appropriate assistance from victim/survivor services or medical treatment professionals; and filing a complaint with the Title IX Coordinator.

When appropriate, Minnesota State Colleges and Universities may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard. A college or university may take actions it deems necessary or appropriate in response to all protection, restraining, or no-contact orders.

Subpart C. Required reports

Any campus security authority or any college or university employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX), shall follow college or university procedures for making a report for the annual crime statistics report. In addition, the campus security authority or any college or university employee with supervisory or student-advising responsibility who has been informed of an alleged incident of sexual violence and sexual harassment (as defined by Title IX) shall report to the Title IX Coordinator, in order to initiate any applicable investigative or other resolution procedures.

Campus security authorities may be obligated to report to law enforcement the fact that a sexual assault has occurred, but the name of or other personally identifiable information about the complainant will be provided only with the consent of the complainant, except as may be required or permitted by law.

Subpart D. Mandatory reporting of abuse or neglect of children or vulnerable adults

Minnesota law provides special protection for children under 18 and vulnerable adults. These laws, Minnesota Statutes sections 626.556 and 626.557, identify those who are mandated to report neglect or abuse of children under 18 and maltreatment of vulnerable adults. Faculty, student teachers or clinical participants, day care personnel, and others involved in education or services to children or vulnerable adults may be considered mandated reporters under both of these laws. Reports of abuse or neglect of a child or vulnerable adult, must be made to law enforcement or state or county social service agencies.

Part 4. Confidentiality of reporting

Confidential Reports

Because of laws concerning government data contained in Minn. Stat. Ch. 13 Government Data Practices, colleges and universities cannot guarantee confidentiality to those who report incidents of sexual violence except where those reports are privileged communications with licensed healthcare professionals. Some off-campus reports also may be legally privileged by law, such as reports to clergy, private legal counsel, or healthcare professionals.

Part 5. Policy notices

Subpart A. Distribution of policy to students

Each college or university shall, at a minimum, at the time of registration make available to each student information about its sexual violence and sexual harassment (as defined by Title IX) policy and procedure), including its online reporting system that allows for anonymous reporting, and shall additionally post a copy of its policy and procedure at appropriate locations on campus and in appropriate handbooks at all times. A college or university may distribute its policy and procedure by posting on an Internet or Intranet website, provided all students are directly notified of how to access the policy by an exact address, and that they may request a paper copy.

Subpart B. Distribution of policy to employees

Colleges, universities, and the system office shall make available to all employees a copy of the sexual violence and sexual harassment (as defined by Title IX) policy and procedure. Distribution may be accomplished by posting on an Internet or Intranet website, provided all employees are directly notified of the exact address of the policy and procedure as well as the option of receiving a paper copy upon request.

Subpart C. Required notice

Each college or university shall have a sexual violence and sexual harassment (as defined by Title IX) policy, which must include the notice provisions in this part.

1. **Notice of Title IX Coordinator.** Each college and university must notify applicants for admission and employment, students, employees, and all unions holding collective bargaining agreements

with the college or university of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.

2. **Notice of non-discrimination.** Each college and university must notify applicants for admission and employment, students, employees and all unions holding collective bargaining agreements with the college and university that the college or university does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. Inquiries about the application of Title IX may be referred to the Title IX Coordinator and/or to the United States Department of Education.

3. **Notice of complainant options**

Following a report of sexual violence the complainant must be promptly notified of:

- a. Where and how to obtain immediate medical assistance. Complainants should be informed that timely reporting and a medical examination within 72 hours are critical in preserving evidence of sexual assault and proving a criminal or civil case against a perpetrator. Complainants should be told, however, that they may report incidents of sexual violence at any time.
- b. Where and how to report incidents of sexual violence to local law enforcement officials, and/or appropriate college, university, or system contacts for employees, students, and others. Such contacts should be identified by name, location, and phone number for 24-hour availability, as applicable.
- c. Resources for where and how complainants may obtain on- or off-campus counseling, mental health, or other support services.

4. **Notice of complainant rights**

Complainants must be notified of the following:

- a. Their right to make a report with local law enforcement officials in sexual assault cases.
- b. Rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06, including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety.
- c. Availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident.
- d. Assistance available from campus authorities in preserving for a sexual violence complainant materials relating to a campus disciplinary proceeding.
- e. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately resolved.

- f. Upon a sexual assault complainant's request, the college, university, or system office may take action and other supportive measures to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing, if such alternatives are available and feasible.
- g. Upon request, students who reported sexual assaults to the college or university and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring.

Part 6. Investigation and Disciplinary Procedures

Subpart A. General principles

College and university investigation and disciplinary procedures concerning allegations of sexual violence and sexual harassment (as defined by Title IX) against employees or students must:

1. Be respectful of the needs and rights of individuals involved and treat them with dignity;
2. Not suggest the complainant was at fault for the sexual assault or should have behaved differently to prevent the assault;
3. Proceed as promptly as possible;
4. Permit a student complainant and a student respondent to have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law;
5. Afford employees the right to representation consistent with the appropriate collective bargaining agreement or personnel plan;
6. Be conducted in accordance with applicable due process standards and privacy laws;
7. Simultaneously inform both the complainant and respondent of the outcome in a timely manner, as permitted by applicable privacy law.
8. Be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated.

The past sexual history of the complainant and respondent must be deemed irrelevant except as that history may directly relate to the incident being considered.

A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Subpart B. Relationship to parallel proceedings

In general, college, university, and system office investigation and disciplinary procedures for allegations of sexual violence and sexual harassment (as defined by Title IX) will proceed independent

of any action taken in criminal or civil courts. A college or university need not, and in most cases should not, delay its proceedings while a parallel legal action is ongoing. If a college or university is aware of a criminal proceeding involving the alleged incident, they may contact the prosecuting authority to coordinate when feasible. Criminal or civil court proceedings are not a substitute for college, university, and system office procedures.

Subpart C. Memorandum of understanding with local law enforcement

Each college or university shall enter into a memorandum of understanding with the primary law enforcement agencies that serve their campus(es). Prior to the start of each academic year, each college or university shall distribute an electronic copy of the MOU to all employees on the campus that are subject to the memorandum. Colleges and universities are exempt from the MOU requirement if they and local or county law enforcement agencies establish a sexual assault protocol team to facilitate effective cooperation and collaboration between the college or university and law enforcement.

Subpart D. False statements prohibited

Colleges, universities, and the system office take allegations of sexual violence and sexual harassment (as defined by Title IX) very seriously and recognize the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

Subpart E. Sanctions

Sanctions that may be imposed if a finding is made that sexual violence and sexual harassment (as defined by Title IX) has occurred include, but are not limited to, discipline up to and including suspension, or expulsion of students, or discipline, up to and including termination from employment, as provided in the applicable bargaining agreement or compensation plan, for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate.

Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by the college, university, or system office for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Subpart F. Retaliation prohibited

Actions by a student or employee intended as retaliation, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

Part 7. Investigation and Resolution

The college, university or system office has a duty to take timely and appropriate action to stop behavior prohibited by Board Policy 1B.3, conduct investigations and take appropriate action to prevent recurring misconduct.

Subpart A. Informal Resolution

A college or university may offer an informal resolution process if a formal complaint is filed and after providing both parties a notice of allegations. The parties must voluntarily consent, in writing, to the informal resolution process. At any time before agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the process with respect to the formal complaint. This procedure neither prevents nor requires the use of informal resolution by individuals who believe they have been subject to conduct in violation of Board Policy 1B.3. Informal resolution shall not be used to resolve allegations that an employee sexually harassed a student.

Subpart B. Information privacy

Confidentiality of information obtained during an investigation cannot be guaranteed; such information, however, will be handled in accordance with applicable federal and state data privacy laws.

Subpart C. Processing the complaint

The Title IX Coordinator must be contacted in order to initiate a complaint under this procedure. The Title IX Coordinator shall determine the process used in each complaint based on the complexity of the allegations, the number and relationship of individuals involved, and other pertinent factors.

1. **Jurisdiction.** The Title IX Coordinator shall:
 - a. determine whether the complaint is one which should be processed through another system office, college or university procedure available to the complainant;
 - b. if appropriate, direct the complainant to that procedure as soon as possible; and
 - c. for sexual harassment complaints, (as defined by Title IX), determine whether or not the complaint involves the education program or activity of the college or university and whether the incident occurred in the United States.
2. **Conflicts.** The Title IX Coordinator should identify to the president or chancellor/designee any real or perceived conflict of interest in proceeding as the Title IX Coordinator, for the decision-maker, and/or for any person designated to facilitate an informal resolution for a specific complaint. If the president or chancellor/designee determines that a conflict exists, another Title IX Coordinator, decision-maker, or person facilitating an informal resolution must be assigned.
3. **Information provided to complainant.** At the time the complaint is made, the Title IX Coordinator shall:

- a. inform the complainant of the provisions of the Board Policy 1B.3 and this procedure;
 - b. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the complainant;
 - c. determine whether other individuals are permitted to accompany the complainant during investigatory interviews and the extent of their involvement;
 - d. inform the complainant of the provisions of Board Policy 1B.3 prohibiting retaliation;
 - e. discuss the availability of supportive measures; and
 - f. explain the process for filing a formal Title IX complaint
4. **Complaint documentation.** The Title IX Coordinator shall insure that the complaint is documented in writing. The Title IX Coordinator may request, but not require the complainant to document the complaint in writing using the complaint form of the system office, college or university.
5. **Information provided to the respondent.** At the time initial contact is made with the respondent, the Title IX Coordinator shall inform the respondent in writing of the existence and general nature of the complaint and the provisions of the sexual violence policy, including the name of the complainant. At the initial meeting with the respondent, the Title IX Coordinator shall:
- a. provide a copy of or Web address for Board Policy 1B.3 and this procedure to the respondent;
 - b. provide sufficient information to the respondent consistent with federal and state data privacy laws to allow the respondent to respond to the substance of the complaint;
 - c. explain to the respondent that in addition to being interviewed by the Title IX Coordinator, the respondent may provide a written response to the allegations;
 - d. determine whether other individuals are permitted to accompany the respondent during investigative interviews and the extent of their involvement;
 - e. discuss the availability of supportive measures;
 - f. inform the respondent of the provisions of Board Policy 1B.3 prohibiting retaliation; and
 - g. utilize the template notice of allegations.
6. **Investigatory process.** The Title IX Coordinator shall:
- a. conduct a fact-finding inquiry or investigation into the complaint, including appropriate interviews and meetings;
 - b. inform the witnesses and other involved individuals of the prohibition against retaliation;
 - c. create, gather and maintain investigative documentation as appropriate;

- d. disclose appropriate information to others only on a need to know basis consistent with state and federal law, and provide a data privacy notice in accordance with state law;
- e. handle all data in accordance with applicable federal and state privacy laws
- f. include an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence.
- g. Presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the investigation process.
- h. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- i. For formal Title IX complaints, before completing the investigation report, send to both the complainant and the respondent and their advisors, if any, the evidence subject to inspection and review. Both the complainant and the respondent must have at least ten (10) calendar days to submit a written response to the evidence, which the Title IX Coordinator will consider before completing the investigative report. Both parties and their advisors may use the information solely for purposes of proceedings pursuant to this policy.
- j. Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) calendar days prior to a formal hearing, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

7. Interim Actions

- a. *Employee reassignment or administrative leave.* Under appropriate circumstances, the president or chancellor may, in consultation with system legal counsel and labor relations, reassign or place an employee on administrative leave at any point in time during the report/complaint process. In determining whether to place an employee on administrative leave or reassignment, consideration shall be given to the nature of the alleged behavior, the relationships between the parties, the context in which the alleged incidents occurred and other relevant factors. Any action taken must be consistent with the applicable collective bargaining agreement or personnel plan.
- b. *Student summary suspension or other action.* Under appropriate circumstances, the president or designee may summarily suspend a student at any point in time during the report/complaint process. A summary suspension may be imposed only in accordance with Board Policy 3.6 and associated system procedures. After the student has been summarily suspended, the report/complaint process should be completed within the shortest reasonable time period, not to exceed nine (9) class days. During the summary

suspension, the student may not enter the campus or participate in any college or university activities without obtaining prior permission from the president or designee. Other temporary measures may be taken in lieu of summary suspension where the president or designee determines such measures are appropriate.

8. **No basis to proceed.** At any point during the processing of the complaint, the Title IX Coordinator may determine that there is no basis to proceed under Board Policy 1B.3. The Title IX Coordinator may refer the complaint as appropriate to other college or university officials. If the conduct alleged in the formal Title IX complaint would not constitute Title IX sexual harassment even if proved, did not occur in the college or university's education program or activity, or did not occur against a person in the United States, then the college or university must dismiss the formal complaint. The college or university may dismiss a formal Title IX complaint or any allegations therein any time during the investigation or hearing if a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the college or university; or specific circumstances prevent the college or university from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein. The college or university must promptly notify both the complainant and the respondent of any dismissal.
9. **Timely completion.** Colleges, universities and the system office shall provide resources sufficient to complete the investigative process and issue a written response in a timely manner after a complaint is made, unless reasonable cause for delay exists. Reasonable cause may include considerations such as the absence of the party, a party's advisor or a witness; concurrent law enforcement activity or the need for language assistance or accommodation of disabilities. The Title IX Coordinator shall notify the complainant and respondent if the written response is not expected to be issued within a timely manner. The college, university or system office must meet any applicable shorter time periods, including those provided in the applicable collective bargaining agreement.

Subpart D. Decision process

If the above methods, including the informal resolution process, have not resolved the complaint within a reasonable period of time to the satisfaction of the Title IX Coordinator, the procedures in this subpart must be followed.

1. **Title IX Coordinator.** The Title IX Coordinator shall:
 - a. Prepare an investigation report.
 - b. Refer the matter for a formal hearing.
2. **Formal Hearing.** Formal hearings for Title IX sexual harassment complaints will be conducted by the Office of Administrative Hearings pursuant to the rules for administrative hearings. If either the complainant or respondent does not have an advisor for the formal hearing, the college or university must provide an advisor without fee or charge to the complainant or respondent.

Colleges and Universities shall maintain a roster of advisors for this purpose. The role of the advisor for the respondent is to conduct cross-examination on behalf of the respondent. At the conclusion of the formal hearing, the administrative law judge will issue a written recommendation for a final decision made by the college or university decision-maker.

3. **Decision-maker.** After receiving the report and recommendation prepared by the administrative law judge, the decision-maker shall:
 - a. Decide whether the policy has been violated; and
 - b. On appropriate sanctions if the policy has been violated;
 - c. Issue a written determination that must include;
 1. identification of the allegations potentially violating this policy;
 2. a description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearing help;
 3. findings of fact supporting the determination;
 4. conclusions regarding application of the policy to the facts;
 5. a statement of, and rationale, for the result as to each allegation, including determination regarding responsibility, any disciplinary sanctions the college or university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the college or university's education program or activity will be provided by the college or university to the complainant; and
 6. the college or university's procedures and permissible bases for the complainant and respondent to appeal.

The written determination may satisfy these elements by adopting portions of the report and recommendation. The decision-maker must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the college or university provides the parties with written determination of the result of the appeal; or if an appeal is filed; or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The college, university, or system office shall take the appropriate corrective action based on results of the investigation, and the Title IX Coordinator shall make appropriate inquiries to ascertain the effectiveness of any corrective or disciplinary action. Complainants are encouraged to report any subsequent conduct that violates Board Policy 1B.3, as well as allegations of retaliation. Disciplinary action for students may include any sanctions the college or university imposes for any student conduct matters, up to and including expulsion. Disciplinary action for employees may include any

discipline allowed under the applicable collective bargaining agreement or personnel plan, up to and including termination.

Written notice to parties relating to discipline, resolutions, and/or final dispositions resulting from the report/complaint process is deemed to be official correspondence from the college, university, or system office. In accordance with state law, the college, university, or system office is responsible for filing the complaint disposition concerning complaints against employees with the Commissioner of Minnesota Management and Budget within 30 days of final disposition.

Part 8. Appeal

Subpart A. Filing an appeal

The complainant or the respondent may appeal the decision of the decision-maker. An appeal must be filed in writing with the president or designee within ten (10) calendar days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision or sentence were improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision-maker. In addition, for a formal Title IX complaint, both the complainant and respondent may appeal a dismissal of a formal complaint.

Subpart B. Appeal process

The president or designee shall review the record and determine whether to affirm or modify the decision. Grounds for appeal include procedural irregularity that affected the outcome, new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter, and a conflict of interest or bias by the Title IX Coordinator, or decision-maker that affected the outcome of the matter. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal must be made within a reasonable time and the complainant, respondent and Title IX Coordinator must be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

Part 9. Education and Training

The colleges, universities, and system office shall provide education and training programs to promote awareness and prevent discrimination/harassment, such as educational seminars, peer-to-peer counseling, operation of hotlines, self-defense courses, and informational resources. Education and training programs should include education about Board Policy 1B.3 and this procedure. All colleges, universities, and the system office shall promote awareness of Board Policy 1B.3 and this procedure, and shall publicly identify the Title IX Coordinator. A college or university must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution policy, received training on Title IX sexual harassment complaints. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution

process on handling formal Title IX complaints must be made publicly available on the college or university's website.

Sexual Violence Prevention and Education

Subpart A. Campus-wide training

Colleges, universities, and the system office shall:

1. Include in their sexual violence policy a description of educational programs that they offer to students and employees to promote the awareness of sexual violence offenses, including sexual violence prevention measures and procedures for responding to incidents;
2. Provide training on awareness of sexual violence prevention measures and procedures for responding to incidents of sexual violence. At a minimum, all incoming students and all new employees must be provided with this training;

Emphasize in their educational programs the importance of preserving evidence for proof of a criminal offense, safe and positive options for bystander intervention, and information on risk reduction to recognize warning signs of abusive behavior and risk associated with the perpetration of sexual violence.

Subpart B. Other training and education

Colleges and universities and affiliated student organizations are encouraged to develop educational programs, brochures, posters, and other means of information to decrease the incidence of sexual violence and advise individuals of the legal and other options available if they are the complainants of an incident or if they learn of such an incident.

Subpart C. Training for other individuals charged with decision-making authority

Prior to serving as either an investigator or decision-maker for complaints under this procedure, administrators shall complete investigator or decision-maker training provided by the system office.

Investigators/decision-makers, campus security officers, and anyone else involved in the adjudication process must receive annual training on the issues related to domestic violence, dating violence, sexual assault, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Part 10. Maintenance of Report/Complaint Procedure Documentation

During and upon the completion of the complaint process, the complaint file must be maintained in a secure location in the office of the Title IX Coordinator for the college, university or system office, for a period of seven (7) years, in accordance with the applicable records retention schedule. Access to data must be in accordance with the respective collective bargaining agreement or personnel plan, the Minnesota Government Data Practices Act, the Family Educational Rights and Privacy Act, and other applicable law. Information on reports of incidents of sexual violence that are made to campus security authorities must be documented in accordance with the Jeanne Clery disclosure of Campus Security and Campus Crime Statistics Act, codified at 20 U.S.C. § 1092 (f). The information will be used to report campus crime statistics on college and university campuses as required by the Clery Act.

Each college, university and the system office shall annually report statistics on sexual assaults to the Minnesota Office of Higher Education. Additionally, the report must be published on each college and university website in accordance with state law.

Part 1. Policy Statement.

Minnesota State Colleges and Universities is committed to ensuring its programs, services and activities are accessible to individuals with disabilities, through its compliance with state and federal laws. The system recognizes that individuals with disabilities may need accommodations to have equally effective opportunities to participate in or benefit from the system's programs, services and activities.

Part 2. Definitions. An individual with a disability:

Subpart A.

An individual with a disability:

1. Any person who has a physical or mental impairment which materially limits one or more of the person's major life activities.
2. Any person who has a record of such impairment which means that a person has a history of or has been classified as having a mental or physical impairment that materially limits one or more major life activities.

Subpart B.

Qualified individual with a disability. An individual who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for receipt of services or participation in a system office, college, or university program or activity. Essential eligibility requirements include, but are not limited to, academic and technical standards requisite to admission or participation in an education program or activity.

Subpart C.

Personal devices and services may include wheelchairs; individually prescribed devices, such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing.

Part 3. General Access Policy.

Colleges, universities and the system office shall provide access to programs, services and activities to qualified individuals with known disabilities as required by law. An individual requesting an accommodation may be required to provide documentation of eligibility for the accommodation.

Part 4. Availability and Notice.

Colleges, universities, and the system office shall post notices to the public in an accessible format stating 1) prohibition against discrimination on the basis of disability, and 2) contact information for

the person designated to provide information about or respond to requests for reasonable accommodation.

Part 5. Reasonable Accommodations.

Subpart A. Programs, Services, and Activities.

Colleges, universities and the system office shall make reasonable accommodations to ensure access to programs, services, and activities as required by law. Access means that a qualified individual with a disability will not be excluded from participation in or be denied the benefits of the programs, services, or activities, nor will the individual be subjected to discrimination. Reasonable accommodations may include modifications to: rules, policies, or practices; the removal of architectural, communication, or transportation barriers; provision of auxiliary aids or the provision of equally effective programs, services, or activities. In accordance with the Americans with Disabilities Act, accommodations will not be provided 1) for personal devices or services even though the individual may be a qualified individual with a disability, or 2) that result in a fundamental alteration in the nature of a service, program, or activity or in undue financial or administrative burdens.

Subpart B. Employment.

System Procedure 1B.O.1, Reasonable Accommodations in Employment, applies to accommodation requests by employees and applicants for employment.

Part 6. Offered and/or Sponsored Services or Activities for Qualified Students with Disabilities

Colleges and universities have a responsibility to provide a qualified student with a disability access to services and activities that are operated or sponsored by the institution or that receive significant assistance from the institution. Such access shall be provided in a reasonable manner as required by law. At a minimum, the following must be available to qualified students with disabilities:

1. support, counseling, and information services that may include support groups, individual counseling, career counseling and assessment, and referral services;
2. academic assistance services that may include assistive devices, early registration services, early syllabus availability, course selection, program advising, course work assistance, testing assistance and modification, and tutoring; and

Part 7. Process.

Each college and university shall establish a process for an individual with a disability to request an accommodation to access the institution's programs, services, or activities consistent with state and federal laws. The process for individuals with disabilities to request an accommodation must, at a minimum include the following:

- a. Provide the requesting individual with a copy of Board Policy 1B.4.
- b. Assignment and identification of a staff member responsible for making a determination about the request for accommodation or the delivery of services.
- c. Provide a process for appealing a denial of a request for accommodation.

Minnesota State System Procedure 1B.0.1 Reasonable Accommodations in Employment

Part 1 Purpose.

This procedure sets forth the process to be used for responding to requests for reasonable accommodations in employment based on an applicant's or employee's disability. The scope of this procedure is limited to reasonable accommodations and is not intended to fully describe other provisions of the Americans with Disabilities Act or the Minnesota Human Rights Act.

Part 2. Reasonable Accommodations in Employment.

It is the policy of Minnesota State to encourage the employment and promotion of any qualified individual including qualified individuals with disabilities. The system office, college or university will not discriminate in providing reasonable accommodations to qualified individuals with a disability in regard to job application procedures, hiring, advancement, discharge, employee compensation, job training or other terms, conditions, and privileges of employment.

Part 3. Definitions.

For purposes of this procedure, the following terms have the meaning given them.

Subpart A. Employer.

The employer is the system office, college or university.

Subpart B. Essential Functions.

Essential functions are the fundamental job duties of the position in question. The term does not include the marginal functions of the position.

1. A job function may be considered essential for any of several reasons, including but not limited to the following:

- a. The function may be essential because the reason the position exists is to perform that function;
- b. The function may be essential because of the limited number of employees available among whom the performance of that job function can be distributed; and/or
- c. The function may be highly specialized so that the incumbent in the position is hired for his or her expertise or ability to perform the particular function.

1. Evidence of whether a particular function is essential includes, but is not limited to:

- a. The employer's judgment as to which functions are essential;
- b. Written job descriptions;
- c. The amount of time spent on the job performing the function;

- d. The consequences of not requiring the incumbent to perform the function;
- e. The terms of a collective bargaining agreement;
- f. The work experience of past incumbents in the job; and/or
- g. The current work experience of incumbents in similar jobs.

Subpart C. Individual with Disabilities.

An individual with a disability for the purposes of determining reasonable accommodations is any applicant, current employee, including student employees, or employees seeking promotion, who has a physical or mental impairment which substantially or materially limits one or more of such individuals major life activities. Generally, a disabling physical or mental condition which is expected to be temporary and from which the individual is expected to recover is not a disability under this procedure.

Subpart D. Qualified Individual with Disability.

A qualified individual with a disability is an individual with a disability who meets the requisite skill, education, experience and other job-related requirements of the job and who, with or without reasonable accommodation, can perform the essential functions of the job.

Subpart E. Reasonable Accommodations

A reasonable accommodation is a modification or adjustment to a job or employment practice or the work environment that enables a qualified individual with a disability to perform the essential functions of the job as identified at the time of the reasonable accommodation request and to access equal employment opportunities. Reasonable accommodations may also include those things which make a facility and its operations readily accessible to and usable by individuals with disabilities. Under the law, the employer has a responsibility to make reasonable accommodations for individuals with a disability only if the disability is known and it is not an undue hardship under Part 6, Subpart C.

Part 4. Identification of Assigned Staff Member.

The system office, and each college and university shall assign and identify a staff member responsible for administering requests for reasonable accommodations.

Part 5. Right to Representation.

In accordance with applicable collective bargaining agreement language, employees may have the right to request and receive union representation during the reasonable accommodations process.

Part 6. Providing Reasonable Accommodations.

Subpart A. Job Relatedness.

Reasonable accommodations will be provided only for job-related needs of individuals with a disability. The primary factor in evaluating an accommodation's job relatedness is whether the accommodation specifically assists the individual to perform the essential functions of the job as identified at the time of the reasonable accommodation request. If the requested accommodation is primarily for the benefit of the individual with a disability to assist that individual in daily personal activities, the employer is not

required to provide the accommodation. The appropriate reasonable accommodation is best determined through a flexible, interactive process that involves both the employer and the qualified individual with a disability; it may include the appropriate union representative as provided by the applicable collective bargaining agreement.

Subpart B. Essential Functions.

The system office, college or university may deny employment or advancement in employment based on the inability of an individual with a disability to perform the essential functions of the job and may decline to make accommodations to the physical or mental needs of an employee or job applicant with a disability if:

- a. the accommodation would impose an undue hardship on the system office, college or university as provided under Subpart C.; or
- b. the individual with a disability, with or without reasonable accommodations, is not qualified to perform the essential functions of that particular job; or
- c. having the individual in the job would create a direct threat because of a significant risk to the health and safety of the individual or others and the risk cannot be eliminated by reasonable accommodation.

Subpart C. Undue Hardship

In determining whether providing a reasonable accommodation would impose an undue hardship on the employer, the factors to be considered include:

1. The nature and net cost of the accommodation needed;
2. The overall financial resources of the employer involved in the provision of the reasonable accommodation, the number of persons employed, and the effect on expenses and resources;
3. The overall financial resources of the employer, the overall size of the business of the employer with respect to the number of its employees, and the number, type and location of its facilities;
4. The type of operation or operations of the employer, including the composition, structure and functions of the workforce, and the geographic separateness and administrative or fiscal relationship of the employer in question to the covered entity; and
5. The impact of the accommodation upon the operation of the employer, including the impact on the ability of other employees to perform their duties and the impact on the employer's ability to conduct business.

Subpart D. Documentation.

Documentation of a disability is required as part of the reasonable accommodation process unless the nature and extent of the disability is already known to the employer, or as a practical matter, the requested accommodation is minimal and the employer makes modifications for its convenience,

regardless of whether the employee or applicant meets the requirements for a reasonable accommodation under this procedure.

Subpart E. Choice of Accommodations.

The employer is not required to provide the specific accommodation requested by the individual and may choose an effective accommodation which is less expensive or easier to provide. Accommodations provided to the individual are the financial responsibility of the employer.

Subpart F. Request Process.

The system office, colleges and universities are responsible for establishing a process for individuals with disabilities to make requests for reasonable accommodations in compliance with the Americans with Disabilities Act or the Minnesota Human Rights Act. Such process should include the following:

1. Minnesota State policy statement and definitions;
2. Assignment and identification of a staff member responsible for administering requests for reasonable accommodations;
3. Provide a process for appealing a reasonable accommodations decision.

Part 7. Application.

Nothing in this procedure is intended to expand, diminish or alter the provisions of the Americans with Disabilities Act or the Minnesota Human Rights Act.

Evacuation Procedure for Individuals with Disabilities or Otherwise in Need of Assistance

A copy of Metropolitan State University's weather and emergency evacuation plans can be found at:

<https://www.metrostate.edu/students/support/safety/emergency-preparedness>

Knowledge and preparation by both individuals needing assistance and those who don't is key to reducing the impact of emergencies. When developing a plan, safety needs should be determined on a case-by-case basis because it varies with each individual and building.

Everyone has a responsibility to develop their own personal emergency evacuation plan, this includes individuals with disabilities or individuals who will need assistance during evacuation. The Americans with Disabilities Act Coordinator or designee in each university will work to develop a plan and consult the appropriate building and safety personnel.

Directors, managers, and supervisors should review the emergency evacuation procedures with staff, including informing all staff that if additional assistance may be needed, and individuals with disabilities should contact the contact(s) below to request the type of assistance they may need.

Evacuation Options:

Individuals with disabilities have four basics, possibly five, evacuation options:

- **Horizontal evacuation:** Using building exits to the outside ground level or going into unaffected wings of multi-building complexes;
- **Stairway evacuation:** Using steps to reach ground level exits from building;
- **Shelter in place:** Unless danger is imminent, remain in a room with an exterior window, a telephone, and a solid or fire-resistant door. If the individual requiring special evacuation assistance remains in place, they should dial 911 immediately and report their location to emergency services, who will in turn relay that information to on-site responders. The shelter in place approach may be more appropriate for sprinkler protected buildings where an area of refuge is not nearby or available. It may be more appropriate for an individual who is alone when the alarm sounds;
- **Area of rescue assistance:** Identified areas that can be used as a means of egress for individuals with disabilities. These areas, located on floors above or below the building's exits, can be used by individuals with disabilities until rescue can be facilitated by emergency responders; and/or
- **For agencies equipped with an evacuation chair:** Evacuation chairs or a light-weight solution to descending stairways can be used and generally require single user operation. If an University is equipped with an evacuation chair, best practice indicates that all employees are trained and have practiced evacuating using an evacuation chair.

Evacuation Procedures for Individuals with Mobility, Hearing, or Visual Disabilities:

Individuals with disabilities should follow the following procedures:

- **Mobility disabilities (individuals who use wheelchairs or other personal mobility devices ("PMDs")):** Individuals using wheelchairs should be accompanied to an area of rescue assistance by an employee or shelter in place when the alarm sounds. The safety and security staff will respond to each of the areas of rescue assistance every time a building evacuation is initiated to identify the individuals in these areas and notify to emergency responders how many individuals need assistance to safely evacuate.
- **Mobility disabilities (individuals who do not use wheelchairs):** Individuals with mobility disabilities, who are able to walk independently, may be able to negotiate stairs in an emergency with minor assistance. If danger is imminent, the individual should wait until the heavy traffic has cleared before attempting the stairs. If there is no immediate danger (detectable smoke, fire, or unusual odor), the individual with a disability may choose to wait at the area of rescue assistance until emergency responders arrive to assist them.
- **Hearing disabilities:** The University's buildings are equipped with fire alarm horns/strobes that sound the alarm and flash strobe lights. The strobe lights are for individuals with who are deaf and/or hard of hearing. Individuals with hearing disabilities may not notice or hear emergency alarms and will need to be alerted of emergency situations.
- **Visual disabilities:** The University's buildings are equipped with fire alarm horn/strobes that sound the alarm and flash strobe lights. The horn will alert individuals who are blind or have visual disabilities of the need to evacuate. Most individuals with visual disabilities will be familiar with their immediate surroundings and frequently traveled routes. Since the

emergency evacuation route is likely different from the common traveled route, individuals with visual disabilities may need assistance in evacuating. The assistant should offer assistance, and if accepted, guide the individual with a visual disability through the evacuation route.

Severe Weather Evacuation Options:

Individuals in need of assistance during an evacuation have three evacuation options based on their location in their building:

- **Horizontal evacuation:** If located on the ground or basement floor, severe weather shelter areas are located throughout each floor;
- **Elevator evacuation:** If there are no safe areas above the ground floor, the elevator may be used to evacuate to the ground or basement levels; and/or
- **Shelter in Place:** Seeking shelter in a designated severe weather shelter and remaining there until the all clear is used.
